**PETITIONING THE COURT**

To issue a warrant.

On July 27, 2023, conditions of release were reviewed and signed by Mr. Axtell, acknowledging an understanding.

The probation officer believes that the offender has violated the following conditions of supervision:

Violation Number      Nature of Noncompliance

1      **Special Condition #4:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

**Supporting Evidence:** Mr. Axtell is alleged to have violated his supervised release conditions by consuming fentanyl on or about December 4, 7, 19, and 21, 2023.

Mr. Axtell provided random drug tests on December 4, 7, 19, and 21, 2023. All tests were sent to the laboratory for testing and the laboratory reports indicated positive results for fentanyl in all four drug tests.

Mr. Axtell adamantly denies consuming fentanyl and reports he was around a friend who consumes fentanyl, which could have resulted in the positive results.
